Pharmacists

Participating pharmacies belong to a specific network (example: RX04). To receive the highest level of benefits from your pharmacy plan, choose only those pharmacies that participate in your plan's specific pharmacy network. Purchasing prescription drugs from out-of-network pharmacies will result in higher out-of-pocket costs.

To locate your plan's pharmacy network distinction (example: RX04), look on the front of your BlueCross member ID card.

Remember:

Participating pharmacies may change at any time. This list is as correct as possible at the time of printing. Providers listed in this directory are verifiable only up to the time the directory was printed.

To make sure a pharmacy is in your network:

- › Go to **bcbst.com**. Log in with your username and password. Select **Find Care & Estimate Costs**. Enter your pharmacy network and starting location, and then search for your pharmacy or browse through our explore options.
- › Download the BCBSTN app on your smartphone from the Apple App Store or Google Play, then enter the information from your Member ID card.
- › Call us at the number on the back of your Member ID card.
