If You Want Us to Rethink Your Request

You or your doctor may ask to reconsider any of these things:

- › A denial of a drug benefit
- › Limits on a drug quantity
- › The details needed for prior authorization
- › Getting a non-covered drug approved

You'll need written reasons from your doctor about why we should rethink your situation.

We look at all reconsiderations on a case-by-case basis. Your Evidence of Coverage or member handbook has details on your rights to file reconsiderations.

Fax all information to **1-888-343-4232**.

Or send a written request to:

Please provide the following information with your request:

- › Patient name and cardholder ID number
- › Physician name and phone number
- › Drug and diagnosis information

Understanding the Formulary Drug List

This formulary drug list will help you understand the drugs your plan covers. The drugs in this formulary are listed by common categories, then alphabetically. They're placed into cost levels known as tiers.

Some drugs have notes with letters next to them. The letters refer to certain pharmacy benefit programs. To make sure that prescriptions are used safely, some drugs have additional requirements you'll need to meet before we can cover your prescription. Those drugs will have an abbreviation next to the drug name to let you and your doctor know there are additional requirements.

For more information on how to fill your prescriptions, please refer to your Evidence of Coverage or member handbook on bcbst.com or call the phone number listed on your BlueCross Member ID card. Some medications have legislative and/or regulatory requirements.

Abbreviation	Description
ACA	Affordable Care Act means drugs with the ACA indicator may be available to you at no out-of-pocket cost depending on your plan. Check your Evidence of Coverage or member handbook for plan details.
LD	Limited Distribution means drugs may only be available at certain pharmacies. For more information, please call us at the Member Service number on your Member ID card.
MME	Morphine Milligram Equivalent Your plan measures how strong each medicine is compared to morphine and limits the combined total, or MME. Prior authorization is required for members who take greater than 120 mg equivalents of morphine a day. Your doctor must request a coverage review with BlueCross by submitting the request digitally through CoverMyMeds, calling 1-800-924-7141, or faxing 1-888-343-4232.
MT	Maintenance Matters drugs are drugs that treat certain long-term conditions like high blood pressure or high cholesterol. If your plan is enrolled in the Maintenance Matters program, you'll need to get 90-day supplies of drugs with the MT indicator.
OTC	Over-the-counter. Requires a prescription to be considered eligible for coverage.
PA	Prior Authorization may be required for certain drugs. Your doctor must request a coverage review with BlueCross by submitting the request digitally through CoverMyMeds, calling 1-800-924-7141, or faxing 1-888-343-4232.
QL	Quantity Limit means you may have coverage for a limited amount of a specific drug.
ST	Step Therapy is a prior authorization program that requires you to first try certain drugs to treat your medical condition before we'll cover another drug for that condition. Your doctor must request a coverage review with BlueCross by submitting the request digitally through CoverMyMeds, calling 1-800-924-7141, or faxing 1-888-343-4232. Please refer to the list included on page iv for drugs that require step therapy.

What's a Drug Tier?

Tiers are the different cost levels you pay for a prescription drug. Each tier is assigned a cost (copay, deductible or coinsurance), your employer or health plan determines. This is how much you pay when you fill a prescription. If you have a high deductible plan, the tier cost levels may apply once you hit your deductible. Check your Evidence of Coverage or member handbook for plan details.

Drug Tiers

Tier 1	Preferred Generic Drugs The most affordable drugs
Tier 2	Non-Preferred Generic Drugs More expensive generic drugs
Tier 3	Preferred Brand Drugs More affordable brand-name drugs
Tier 4	Non-Preferred Brand Drugs More expensive, non-specialty brand drugs
Tier 5	Preferred Specialty Drugs More affordable specialty drugs
Tier 6	Non-Preferred Specialty Drugs The most expensive specialty drugs

Where to Get Your Prescriptions Filled

You'll need to show your Member ID card when you have a prescription filled. You may have to pay part of the cost for prescription medicines and supplies. Check your Evidence of Coverage or member handbook for specifics.

Network Pharmacies

Our pharmacy networks include many retail drug store chains and independent pharmacies across the country. If your medication isn't for managing a long-term condition, the prescription is typically written for less than a 30-day supply. (See the Retail 90 and Home Delivery Network sections for information on 90-day supplies).

It's important that you always use an in-network pharmacy. If you don't, you'll have to pay all of the costs for your prescription. If you're outside Tennessee, you can find a pharmacy in our nationwide network. Check your Evidence of Coverage or member handbook for your pharmacy network details.

How to find a network pharmacy:

- › Go to bcbst.com/RXplan.
 - Log in to or create your online account.
 - Click on **Find a Pharmacy**.

Or

- › Call us at the Member Service number on the back of your Member ID card.
- › You can also find network pharmacies using our free app. Search for “**BCBSTN**” in the App Store® or Google Play®.

Retail 90 Networks

Through Retail 90 Networks you can get up to a 90-day (three-month) supply of your prescriptions.*

- › With a three-month supply, you're less likely to miss a dose, and you don't have to refill as often, which can save you time and money.
- › If you use a pharmacy that's not part of your Retail 90 Network, you're limited to a 30-day (one-month) supply.
- › These networks are made up of some local pharmacies and drug store chains. Ask your pharmacy if they're part of your Retail 90 Network.

* Your doctor will need to write your prescription for a 90-day supply.

** Standard shipping costs are included.

Home Delivery

You can sign up for home delivery and have your prescription delivered right to your door. Home Delivery is for prescriptions with a 30-day (one-month) or a 90-day (three-month) supply.* Call **1-800-552-8159** to get started.

With home delivery you get:

- › FREE standard shipping**
- › Access to a pharmacist 24/7
- › Automatic refill reminders so you're less likely to miss a dose
- › Extended payment plan available

Specialty Pharmacies

Some serious medical conditions need specialty drugs. They may be given at the doctor's office or at home. Our specialty pharmacies are a special network of vendors, experienced in managing these specialty drugs and supporting you and your doctor. You and your doctor can find a list of specialty pharmacies at bcbst.com.

Specialty drugs:

- › Usually require a prior authorization
- › Usually are limited to a 30-day supply
- › Are usually only available from specialty pharmacies in our network. Check your Evidence of Coverage or member handbook for your pharmacy network details.

Tips for Using Your Prescription Drug Benefits

Talk with your doctor.

Doctors are your partners, so discuss every aspect of your treatment, including the selection of drugs. The more you know, the better choices you can make.

- › Ask your doctor to check the list of drugs your plan covers before prescribing a medicine.
- › Give your doctor a list of all the medicines you take. Include medicines that don't need a prescription. This helps them choose medicines that work well together.
- › Advertising, social media or the internet may not be your best source of information. Discuss all your concerns with your doctor.

Ask for generic drugs.

The U.S. Food and Drug Administration (FDA) requires generic drugs to have the same quality, strength and effectiveness as brand-name drugs.

- › Generic drugs work the same as brand name drugs, but cost less.
- › Talk to your doctor about the different kinds of generic drugs.
- › The formulary drug list has different tiers (levels) of drugs that you can use (see "What's a Drug Tier?" on page iii).
- › You pay less for generic drugs almost every time.

- › Under most BlueCross plans, if you request a brand name drug that has a generic equivalent, you pay the cost difference between the generic and brand name drug. Check your Evidence of Coverage or member handbook to see if this applies to your plan.

Talk to your pharmacist.

Your pharmacist can answer questions about the drugs you take, help you avoid harmful drug interactions, and help you select appropriate, lower-cost generics and preferred brands whenever available.

- › Have all of your family's prescriptions filled at the same pharmacy.
- › By knowing all your prescriptions, your pharmacist can make sure all of your drugs work well together. This can help keep you and your family safe.

› Use over-the-counter (OTC) medicines to save money.

- › OTC medicines are sold without a prescription.
- › Some prescription drugs may not be covered under your plan because there is an OTC available that works just as well.
- › Don't switch from a prescription drug to an OTC without talking with your doctor.

Be safe with your prescriptions.

- › Never share prescription drugs — even if it's for a member of the family.
- › Keep all medicines safe from children, out of sight and out of reach. Lock them away, if possible.
- › Don't stop using a prescription without talking to the doctor.
- › Follow up with the doctor about any side effects.

Some prescriptions need an approval for coverage.

- › Some prescriptions require prior authorization or step therapy.
- › Some drugs have limits on the amount of them that your plan will pay for.
- › Network doctors usually know this and know how to get authorizations. However, you may want to show this formulary drug list to your doctor — especially if you use an out-of-network doctor or a doctor outside Tennessee.

BlueCross BlueShield of Tennessee (BlueCross) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex¹. BlueCross does not exclude people or treat them less favorably because of race, color, national origin, age, disability or sex.

BlueCross:

- Provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as: (1) qualified sign language interpreters and (2) written information in other formats, such as large print, audio and accessible electronic formats.
- Provides free language assistance services to people whose primary language is not English, such as: (1) qualified interpreters and (2) information written in other languages.

If you need these reasonable modifications, appropriate auxiliary aids and services, or language assistance services, contact a consumer advisor at the number on the back of your Member ID card or call 1-800-565-9140 (TTY: 1-800-848-0298 or 711).

If you believe that BlueCross has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance ("Nondiscrimination Grievance"). For help with preparing and submitting your Nondiscrimination Grievance, contact a consumer advisor at the number on the back of your Member ID card or call 1-800-565-9140 (TTY: 1-800-848-0298 or 711). They can provide you with the appropriate form to use in submitting a Nondiscrimination Grievance. You can file a Nondiscrimination Grievance in person or by mail, fax or email. Address your Nondiscrimination Grievance to: Nondiscrimination Grievance; c/o Manager, Operations, Member Benefits Administration; 1 Cameron Hill Circle, Suite 0019, Chattanooga, TN 37402-0019; (423) 591-9208 (fax); Nondiscrimination_OfficeGM@bcbst.com (email).
