3.10.4.1 On July 1, of the year following the first full calendar year of operation, the CONTRACTOR will be eligible for a .$03 PMPM payment, applied to member months from the preceding calendar year, if significant improvement has been demonstrated in the rate at which members hospitalized for mental illness remain in the community (i.e. are not readmitted to an inpatient hospital setting for treatment of mental illness) within thirty (30) days of discharge. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 3.10.5 below). The baseline rate will be the percentage of enrollees in the region that were discharged following hospitalization for mental illness during the last full calendar year prior to the year the CONTRACTOR began operating under this Agreement, and that were not readmitted within thirty (30) days following discharge, as calculated by TennCare. The baseline rate will be compared to the percentage of the CONTRACTOR's members that were discharged following hospitalization for mental illness during the first full calendar year of operation under this Agreement, and that were not readmitted within thirty (30 days) following discharge. The latter calculation will use methodology identical to that used in the baseline calculation performed by TENNCARE.

3.10.4.2 Beginning on July 1, 2011, on July 1 of each year, the CONTRACTOR will be eligible for a $.03 PMPM payment, applied to member months from the preceding

calendar year, if significant improvement has been demonstrated in the rate at which members hospitalized for mental illness remain in the community (i.e. are not readmitted to an inpatient hospital setting for treatment of mental illness) within thirty (30) days of discharge. Significant improvement is defined using NCQA's minimum effect size change methodology (see Section 3.10.5 below). The baseline rate will be the percentage of the CONTRACTOR's enrollees that were discharged following hospitalization for mental illness during the reporting period prior to the current reporting period and that were not readmitted within thirty (30) days following discharge, as calculated by TennCare. 4.30 VOLUNTARY BUYOUT PROGRAM

4.30.1 The CONTRACTOR acknowledges and understands that, for a period of two years beginning August 16, 2008, restrictions are imposed on former state employees who received a State of Tennessee Voluntary Buyout Program (VBP) severance payment with regard to contracts with state agencies that participated in the VBP.

4.30.2 The State will not contract with either a former state employee who received a VBP severance payment or an entity in which a former state employee who received a VBP severance payment or the spouse of such an individual holds a controlling financial interest.

4.30.3 The State may contract with an entity with which a former state employee who received a VBP severance payment is an employee or an independent contractor. Notwithstanding the foregoing, the CONTRACTOR understands and agrees that there may be unique business circumstances under which a return to work by a former state employee who received a VBP severance payment as an employee or an independent contractor of a State contractor would not be appropriate, and in such cases the State may refuse CONTRACTOR personnel. Inasmuch, it shall be the responsibility of the State to review CONTRACTOR personnel to identify any such issues.

4.30.4 With reference to either Section 4.30.2 or 4.30.3 above, the CONTRACTOR may submit a written request for a waiver of the VBP restrictions regarding a former state employee and a contract with a state agency that participated in the VBP. Any such request shall be submitted to the State in the form of the *VBP Contracting Restriction Waiver Request* format available from the State and the Internet at: www.state.tn.us/finance/rds/ocr/waiver.html. The determination on such a request shall be at the sole discretion of the head of the state agency that is a Party to this Agreement, the Commissioner of Finance and Administration, and the Commissioner of Human Resources.

57. Section 4 shall be amended by adding a new Section 4.37 and renumbering the existing Sections accordingly, including any references thereto.

These mental health services are for persons with serious and/or persistent mental illnesses (SPMI) and are intended to prepare individuals for more independent living in the community while providing an environment that allows individuals to live in community settings.
